### HOW DOES IT FEEL?

The feeling is described by most patients as comfortable with no pain, only a slight tingling sensation with light pressure. Based on the depth and area treated this feeling can vary.

### HOW MANY TREATMENTS DO I NEED?

Most physicians find that three to six treatments, spaced four to six weeks apart provide the optimal experience and outcome for patients.

### HOW LONG DOES THE TREATMENT TAKE?

The actual treatment takes about 20 - 45 min depending on the area to be treated.

### HOW LONG DO THE RESULT LAST?

Everyone is different, but the collagen you make is your own and continues accelerated production over three months.

## WHAT IS SYLFIRM X?

### DUAL WAVE RADIO FREQUENCY MICRONEEDLING SYSTEM

The world's first & only FDA cleared Pulsed Wave & Continuous Wave Radio Frequency Microneedling device for ultimate skin complexion<sup>1</sup> and skin revitalization<sup>2</sup>. Sylfirm X has proven its effectiveness and safety through 25+ clinical studies and experiments.

### WHAT IS RADIO FREQUENCY?

Radio Frequency provides heat that stimulates collagen production which has been found to lead to tighter, younger looking skin. Combined with state-of-the art microneedling patients experience optimal results.
